**This year's theme is...**

## **Festival Organiser Newsletter November**

Dear Festival Organiser,

We're delighted to announce the theme for the 2024 Festival of Archaeology is ***Archaeology and Community***. Highlighting both historical communities and communities that participate in archaeology today, we're celebrating the connection between people and places in the past, present, and future.

That means it's time to start thinking about ideas for the 2024 Festival, which will take place from **13 – 28 July 2024!**

Visit our website for more inspiration on our [Archaeology and Community theme](#) and explore our [organiser materials](#) for information to help develop and deliver your event.
